

## 12 YEARS OF SUCCESS

The rapid growth of Tecnofire has been possible thanks to the **know-how gained from Tecnoalarm**, combined with the company's choice **to employing the sector's best professionals**, who have grown over time alongside the company. Even the best team, however, needs support. This was the case for **Tecnofire**, which today is at the top of the market despite its young age, thanks to major **international companies** that have put their trust in it and that **feel protected** every day by its innovative technologies.

**Tecnofire has been chosen by numerous global players to satisfy the need for safety and fire protection in healthcare facilities, schools, industrial plants, logistics areas, accommodation and commercial facilities.**

In just **12 years**, Tecnofire has become a reference for fire protection with over **12,000 sites protected**. Customers who rely on **Tecnofire's technologies** and **technical expertise** guarantee themselves **360° support every day**, to carry out their activities optimally and efficiently, with **constant assistance**.

*To all of them  
and to those who will decide to rely on us*
