

NEW TECNOFIRE EXPORT PRICE LIST RELEASE 1.2 - 2026

Tecnoalarm publishes release 1.2 of the 2026 Export Price List, effective from 15 October 2026.

Dear Partner,
the **update 1.2** of the 2026 Export **Price List** is officially available to offer you **solutions that keep pace with industry developments** and guarantee **the same quality as always**.

In a dynamic market context, our primary commitment is to ensure maximum price stability across the entire product range.

The only exception applies to **the cables**, the prices of which have been adjusted due to significant fluctuations in the **copper** component.

*To request a copy of the price list,
contact your technical sales manager
or write to **export@tecnofiredetection.com***
