

www.tecnofiredetection.com

Welcome to a multilingual experience

From now on, we speak the same language

We have some news we are happy to share:
in addition to **Italian** and **English**, the **www.tecnofiredetection.com** website
is now available in **French** and **Spanish**, too.

**Access to our products and services, as well as stay in touch, becomes even easier
and more straightforward**, wherever you are and whatever language you prefer.

All contents are now available in **four languages selectable from the menu
at the top right of the website.**

Share the website with your French and Spanish partners in their own language.
